Why would you speak with Candice if you open your mouth I swear the money I promised you it's gone. You signed a NDA not to discuss the situation and you did why do that. I told you I was waiting on funds to drop and would pay you the \$10,000. Please do not talk to her

Don't fucking text me you ghosted me. Now you want to respond you know what you did Aubrey it wasn't cool at all I couldn't leave out my house for weeks no work nothing. It's not about the money it's the principle on how you raped me and used a broom I'm a lady 1st

Can you give me until Tuesday I will have your money call her and tell her you lied if not all bets are off you know I know a lot of judges this will not stick don't you?

Is this a threat? Remember!
